**MEMORANDUM FOR: Chairman, President's Foreign Intelligence Advisory Board**

**SUBJECT : Security Reindoctrination Program**

1. In view of your Board's interest in the security program of the Agency, I thought you would want to know that we have just completed a security reindoctrination program for headquarters personnel. This was in the nature of a reminder to all personnel of their security responsibilities coupled with a description of typical approaches made by hostile intelligence services, including movies of an actual approach to a CIA contract employee. This reindoctrination program has been given to approximately ☐ employees who attended ☐ presentations in the headquarters building.

2. In addition to this, as part of our supervisors' reindoctrination program, also currently in progress, the Director of Security devotes one hour to reminding supervisors of their security responsibilities in regard to their subordinate personnel. This lecture has now been presented ☐ to approximately ☐ headquarters supervisors and will be presented periodically through the year to the balance of the supervisors, including those returning from overseas.

3. I can assure you that the CIA is devoting extensive time and effort to insure that its already strong security program is made even stronger.
